## Any speed for any need. Up to 1 GIG!\*

Speeds reflect both upload and download.

### Up to 25 Mbps\*

A great speed for a household of multiple internet users. Pay bills online and visit your favorite sites, while your kids play their games and watch movies simultaneously. Only available with a phone line.

### Up to 50 Mbps\*

An excellent solution if you're a gamer who needs fast response time, loves streaming HD movies, and has a household of others who do the same.

### Up to 100 Mbps\*

Super speed for a home or office that needs to run multiple media streams at the same time without compromising speed.

### Up to 200 Mbps\*

Lightning-fast solution that can handle the demands of multiple users looking to stream and download large files without interruption.

### Up to 1 Gbps\*

The most powerful speed available, our 1 Gig service will skyrocket your internet experience, allowing several users to simultaneously stream and download large files in seconds.
